QUESTIONNAIRES

TWO INSTALLMENTS MAILED TO NEW REGISTRANTS—MUST BE FILED IN 7 DAYS.

A notice dated October 30, 1918, to registrants who are of the class of September, 1918, and whose serial numbers are between 2 and 556, announcing that questionnaires had been mailed them which they are required by law to execute and return within seven days from date mentioned, unless the time is extended as prescribed in the selective service regulations as amended, has been posted by F. D. Lanterman, chairman of the exemption board of County District 7.

A similar notice was sent out under date of November 1 to registrants of Sptember, 1918, whose serial numbers are between 648 and 1250.

Failure to fill out and return the questionnaires within the seven days prescribed constitutes a misdemeanor and is punishable by not to exceed one year's imprisonment and may also deprive such registrants of valuable rights and result in their immediate induction into military service and trial by court-martial.

The board and all its voluntary helpers were exceedingly busy Friday taking care of registrants who called for help in filling out questionnaires or for information in that connection, and also in getting papers ready for the registrants who are to be entrained for Kelly Field, San Antonio, Texas, on the 11th of November.

THE WAR CAMP COMMUNITY SERVICE

By Mrs. Chas. H. Toll

This is one of the seven organizations that is to receive a portion of the 170 millions of dollars to be raised in the United States next month, ten thousand dollars of which is to be Glendale's quota. This organization, which is operating entirely within the United States, will receive 15 millions of dollars as its share of the money raised.

The War Camp Community Service is not a private or even semi-public organization. It belongs officially to the United States government. While the Commission on Training Camp Activities looks after the leisure hours of the soldiers when they are in camp, the War Camp Community Service undertakes to look after the boys when they are on leave and are visiting cities and towns near the camps. * See below.

Suppose the boy comes to a city, an entire stranger, it may be. He probably does not have a great deal of money in his pocket, but he has a day or two which he is to put in, trying to find amusement. He must eat, and he must sleep, and wants to find a decent place for as little outlay as possible. He arrives at the railroad station, wondering just what he is to do. The first thing he sees there is an information booth conducted by the War Camp Community Service. The pleasant-faced woman in charge has a long list of clubs which are connected with her especial W. C. C. S., which she offers for his inspection. If he is Protestant, she directs him to the Y. M. C. A. and tells him where he can find the church of his choice; if Catholic, she will direct him to the K. of C.; or to the Jewish Welfare buildings, if he be of that faith. She tells him where he may find decent, respectable lodging for a fair price. She also directs him to all the local points of interest, a visit to which will help him to put in a profitable, pleasant and clean time. She tells him of the museums, libraries, and shows that are free and open to the boy in uniform.

A useful branch of the W. C. C. S. is the Home Hospitality Committee, which finds homes to which the soldier or sailor will find entree, a hearty welcome and a happy time. This committee is usually very active especially at holiday time.

Every W. C. C. S. organization has committees varying with the especial needs of the locality. In some cities these committees are quite numerous. In Los Angeles, where the work is carried on very actively, the Enlisted Men's Clubs are very successful. Here groups of entertaining women of all ages meet to offer pleasant and profitable diversions to the men in uniform. They give an opportunity to write or to read, to get a wholesome meal at a reasonable price, and, best of all, to engage in social intercourse with sensible women, of whose society they are deprived while in camp.

Cities are throwing wide their parks, athletic grounds, playgrounds, and swimming pools to our soldier and sailor boys. Organ recitals, band concerts, festivals, and moving pic-

(Continued on Page 2)

TO DRILL AGAIN

STATE LIFTS BAN ON THE DRILLING OF REGISTRANTS IN UNINCORPORATED TOWNS

Capt. D. Ripley Jackson reports that the ban of the drilling of registrants has been lifted by the state and that in some of the smaller settlements of the district drilling by instructors of the military committee will be resumed right away. A drill will be held at Newhall Wednesday night. In incorporated cities like Glendale, permission to resume must be obtained from the local board of health. Mr. Jackson has taken the matter up with Health Officer Chase who has promised to grant the permission just as soon as he considers it safe to do so, and Captain Jackson is hoping it will be an early date, as registrants will soon be going out on November calls and need the drill.

For the information of registrants the following instructions from the manual are quoted:

Salute with the Hand

58. 1. Hand, 2 SALUTE.

Raise the right hand smartly till the tip of the forefinger touches the lower part of the headdress or forehead above the right eye, thumb and fingers extended and joined, palm to the left, forearm inclined at about 45 degrees, hand and wrist straight; at the same time look toward the person saluted. **(TWO)** Drop the arm smartly by the side.

For rules governing salutes, see "Honors and Salutes," paragraphs 758-765.

(C. I. D. R., Nos. 3, 6, and 18.)

Steps and Marchings

59. All steps and marchings executed from a halt, except right step, begin with the left foot.

60. The length of the full step in quick time is 30 inches, measured from heel to heel, and the cadence is at the rate of 120 steps per minute.

The length of the full step in double time is 36 inches; the cadence is at the rate of 180 steps per minute.

The instructor, when necessary, indicates the cadence of the step by calling **one, two, three, four,** or **left, right,** the instant the left and right foot, respectively, should be planted.

61. All steps and marchings and movements involving march are executed in **quick time** unless the squad be marching in **double time,** or **double time** be added to the command; in the latter case **double time** is added to the preparatory command. Example: **1. Squad right, double time, 2. MARCH** (School of the Squad).

PROHIBITION NOT AN ISSUE

That the question of prohibition is not an issue in the Ninth Congress District was conclusively shown recently, when the Anti-Saloon League made public the names of candidates for various offices whom it has indorsed. No reference was made to either Charles H. Randall or Montaville Flowers, the Republican candidate.

Dr. D. M. Gandier, state superintendent of the Anti-Saloon League, said that both men are acceptable from the viewpoint of temperance and in such cases the league does not believe it good policy to make an indorsement. Dr. Gandier refused to discuss the other phases of the campaign in the Ninth District.

This action or non-action by the Anti-Saloon League no doubt will have considerable weight in the district. Many persons who have thought it their duty to vote for Randall because of his stand for prohibition, but hated to do so in view of his anti-war record and the insults he has heaped upon Great Britain and Belgium, now have a clear way pointed out for them.

A vote for Montaville Flowers is a vote for a dry nation and a vote for a red-blooded leader whose Americanism has never been questioned.

GLENDALE CHARMED HIM

W. F. Hemenway, who has been a resident of Glendale for about sixty days, has opened an office with J. B. Doner on Broadway. Mr. and Mrs. Hemenway had been residents of Seattle for seventeen years. During the San Francisco Exposition he spent several months in Los Angeles, discovered that he liked it very much and decided to make it his home. But when he came back to stay he and his wife visited Glendale and liked it so much better he altered the program and bought a home at 345 W. California avenue in this city. During his residence in Seattle he was engaged in the real estate business for twelve years in connection with the Elliott Bay Investment Company. He reports that several relatives and friends are likely to follow him to California and locate here.

FOR GOD'S SAKE, MEN BE LOYAL

If other Congressmen had voted against Preparedness, against the Declaration of War, against Conscription as did Congressman Randall, the Huns would now be in Paris. For God's sake, men, whether you be Republicans, Democrats or Prohibitionists, go to the polls tomorrow and blot out the terrible shame that hangs over the Ninth Congressional District. VOTE FOR MONTAVILLE FLOWERS.

AUSTRIA ACCEPTS TERMS OF ARMISTICE

STIFF PROVISIONS MADE BY ALLIES INDICATE WHAT TERMS GERMANY MAY EXPECT

(Special Service to Glendale Evening News)

WASHINGTON, November 4.—The State Department today announced the terms of the Austrian armistice which Austria accepted yesterday. The main provisions are:

Demobilization of the Austrian army and an immediate withdrawal of the Austrian forces starting on the west front.

Surrender to the Allies of half of the Austrian artillery and military equipment.

Evacuation of all invaded territory, the Austrian army to withdraw between a line running from Pic-Umbrail along the Rhaeltian Alps to Mount Reichent, south to the present frontier in the Carnic Alps, along the frontier to Mount Piaves, thence from the Julian Alps to Indua, thence southeast to Sshonberg, thence to the coast, so as to exclude Castua, Melluglia and Volosca from Austrian control.

The Austrians must also withdraw behind the Dalmatian front so as to include in the evacuated territory the entire watershed flowing toward Sebeneco.

The Austrians must also evacuate practically the islands and passages in that region.

The Allied commanders will supervise the evacuation and the Austrians must leave behind all supplies, railway equipment and coal in the evacuated region.

The Allies to have free use of all roads and railways and waterways in Austria.

The Allies to occupy such strategic points in Austria as they deem necessary.

The Austrians to intern all German troops left in Italy or on the Balkan front or within Austria fifteen days after the armistice is signed.

The return of all allied war prisoners.

Free navigation of all Austrian territorial waters.

The Austrians to surrender fifteen Austrian submarines and all German submarines in Austrian waters, also three battleships, three light cruisers, nine destroyers, twelve torpedo boats, one mine layer and six monitors.

All other war ships to be concentrated at a given point to be disarmed and placed under allied control.

Free navigation of the Danube to allied navies.

The allies to have the right to dismantle the Danube forts.

The allied blockade of Austria to continue.

The allies to occupy all Austrian ports including the Pola naval base.

Austria to return all captured ships.

It was authoritatively stated that the public may draw an idea of what the German armistice terms will be from the Austrian terms.

AMERICANS TAKE 17 TOWNS

TROOPS APPROACH BELMONT AND CUT OFF RETREAT BY GERMANS THROUGH STENAY GAP

(Special Service to Glendale Evening News)

WASHINGTON, November 4.—General Pershing cabled today that the Americans captured seventeen towns west of the Meuse and took 5000 prisoners and 100 guns. They have advanced twelve miles on an 18-mile front in the last three days.

London announced that the Americans this morning extended their attack to east of the Meuse and that they are making excellent progress west of the Meuse. The Americans today passed Stenay and came within a mile and a quarter of Belmont. The Germans had planned to retreat to Ardennes through the Stenay gap, but the American advance had rendered the gap untenable.

EMPEROR KARL TO ABDICATE

NOTIFIES HIS CABINET AND PARYU LEADERS THAT HE INTENDS TO RESIDE IN SWITZERLAND

(Special Service to Glendale Evening News)

COPENHAGEN, November 4.—Emperor Karl today notified the cabinet and party leaders that he intends to abdicate and reside in Switzerland, according to a Vienna dispatch.

MRS. RUSSELL SAGE DEAD

WIDOW OF THE GREAT WALL STREET MAGNATE DIES AT HER NEW YORK RESIDENCE

NEW YORK, November 4.—Mrs. Russell Sage died early today after a brief illness. She was at her home in New York.

MEXICAN TRAGEDY

JO AGUILAR, SON OF WEALTHY PARENTS, WHO WERE VICTIMS OF REVOLUTION

The death of Jo Aguilar, who held the humble position of volunteer fireman in this city and who made his "home" in fire station No. 1, where he won the affection of his comrades on the force, has brought to light another of those tragedies of the revolution in Mexico. Once upon a time, before the reign of lawlessness in that unhappy land, his father and his father's people were wealthy, distinguished members of the ruling class. When his father was killed in the revolution and the family estates confiscated, the wife and children fled to Los Angeles, where they lived in poverty and where Mrs. Aguilar died. They had been befriended by Mayor Richardson of Redondo, through whose kindly offices she received decent burial. Now he has come forward to perform the same service for the son, who is the last of his family, except for a sister, now in Spain. He was not without relatives, however, as he had an aged uncle in Los Angeles, now penniless, who before the revolution was rated as one of Mexico's millionaires, and also had a cousin living in like poverty.

The services will be held at 10 o'clock Tuesday morning at Cate's Undertaking Parlors in Redondo, under arrangements made by Mayor Richardson. Boys of the Glendale fire department, who will miss Jo sorely, have collected $20 for a beautiful floral piece as a tribute to his memory.

RETURNS FROM PITTSBURG

Saturday afternoon Mrs. J. M. Fife and her husband's mother, Mrs. Margaret M. Fife, arrived from Pittsburgh, the train rolling into the Los Angeles station exactly on time. They had a cool, pleasant trip and saw snow only once during the journey, while passing through Nebraska. Mrs. Fife went east on purpose to bring her husband's mother, who is an elderly woman, to sunny California to make her permanent home here, and she spent only about twelve days visiting relatives in and around Pittsburgh. She reports that the influenza is much worse there than here and has been hard to handle among the ignorant mining population who huddle together in small houses and are determined to keep windows down. She told of one instance where a physician removed the entire window sash because he could not get his orders carried out otherwise. The state had to send a hundred doctors and nurses to work in the coal mining districts near Pittsburgh, and they now have the situation well in hand. Fresh air and sunshine are thought to be the greatest panacea for the disease. Mrs. Fife Senior is greatly delighted with what she has seen of California thus far and has already seen the Pacific as her son and his wife drove with her to the beach yesterday. She thinks she is going to be very happy here, and her grandchildren are delighted to have grandma with them once more.

TRAGEDY OF THE WILDS

Tragedies are not confined to humans. They occur quite as frequently in animal life and the nobler the brute, the greater the danger. Mr. and Mrs. M. H. Levy of this city, who have a cabin in beautiful Pacoima Canyon, where they frequently spend a week-end, were witnesses of such a tragedy. About five o'clock Sunday morning Mrs. Levy was awakened by a wild rush past the cabin and crackling of breaking branches, and looking out saw a deer upon the ground struggling to get up. She called her husband and his brother who at once went to investigate and found a three-spike deer helpless with a broken back. Hunting up a shotgun they put the animal out of its misery and called the ranger to know what they should do. He informed them that they could not keep it because it is out of season, and they would have the alternative of burying the carcass or taking it to Los Angeles and giving it to the Red Cross.

He explained the affair by saying the deer's back had undoubtedly been broken by a mountain lion, as their common mode of killing deer is to spring upon them and break their backs, and the deer had fallen over the wall of the canyon in the midst of the attack. The Levy's took his advice and conveyed the deer to Los Angeles this morning where it will be hung in the cold storage plant of the Cudahy Packing House until it is fit to be turned over to the Red Cross canteen, which is serving daily lunches. Mr. and Mrs. Levy will have the skin tanned and the horns mounted.

CAPT. EDWARD LYNCH

WILL REPORT FOR DUTY WITH 403D ENGINEERS AT FORT DOUGLAS IN TEN DAYS

Capt. Edward M. Lynch, who has just received his commission and been summoned to report to Fort Douglas, Utah, within the next ten days, for duty with the 403d Engineers, looks like a thorough army man. He volunteered for service last June, was examined and accepted and expected to be called long ago, but the congestion of work at Washington has delayed the matter until now. Fort Douglas overlooks Salt Lake City and is in a beautiful situation, and he is looking forward with pleasant anticipations to his new life. He says he has no ambition to remain an army engineer after the war has been won, and when it is all ended he will return to civilian life and the private practice of his profession. In giving up that private practice, he is making quite a sacrifice, but when the call came for experienced engineers he felt, as a patriotic citizen, he must tender his services.

Captain Lynch has been engineer of the city for about ten years during which most of the important street work, amounting to not less than 25 miles, has been done under his supervision. This has included the improvement of Brand boulevard between Colorado and California, and Broadway between Central and Glendale avenues, also the upper part of Glendale avenue from Lexington north to Verdugo, and the Canada boulevard in Verdugo Canyon, which are among the best samples of macadam street work in the county. While Captain Lynch has been drawing a salary from the city it has been understood that a portion of his time would be devoted to private practice, and he has superintended large contracts at Taft, Oxnard and other places, building up a reputation as an efficient engineer.

The best part of his life up to this time has been spent in Glendale to which he is greatly attached, and he plans to return here after the war is over.

DR. ARCHER ILL

Friends of the Archer families will be deeply grieved to learn of the serious illness of Dr. E. F. Archer now of Banning, Cal. Dr. Archer was forced by ill-health to give up his practice here some months ago and went to Banning, where he hoped to recuperate. His health improved so that he was able to resume his practice three months ago, but he was recently stricken with the Spanish influenza. Not being strong he is finding it difficult to combat the disease. His parents, Mr. and Mrs. C. S. Archer, and his brother-in-law and sister, Mr. and Mrs. Warren Q. Roberts of this city, were summoned to his bedside on Sunday. They found him critically ill, and are very much concerned over his condition. Dr. Archer's father remained with him. Dr. and Mrs. Archer's little son, Lyle, recently recovered from an attack of the influenza.

LIEUTENANT H. C. SMITH

Dr. H. C. Smith, of 933 Dorothy drive, this city, who offered his services to the army some time ago when a call went out for physicians and who was accepted, received a commission as first lieutenant about two weeks ago, with instructions to report to Fort Riley, Kansas, for duty. He will leave Wednesday for his new post. Mrs. Smith will remain in Glendale during his absence. Lieut. Smith came to California from Nebraska, and after practicing for a time in Los Angeles, located in Glendale, where he has built up an excellent general practice and made many friends during his six years' residence. He will be missed, but his patriotism is appreciated.

SURPLUS "INFORMATION TO VOTERS"

City Clerk Sherer has been much impressed by the fact that in the hallway of the old County Court House of Los Angeles 37 large packing boxes containing 60,000 copies of the legally required "Information to Voters" are stacked up for which the county registrar has no addresses.

A large part of this surplus is accounted for by the fact that so many voters have left the district in the service of their country. At the same time he thinks there must have been a very large surplus of this document printed at the State Printing Office at state expense.

Mr. and Mrs. R. W. Masters, who have been spending the summer at Long Beach, have returned to Glendale and will be at home to their friends at 114-A N. Orange street.

THE WAR CAMP COMMUNITY SERVICE

(Continued from Page 1)

tures are being provided for the delectation of the uniformed visitors. The churches have many agencies actively engaged in helping take care of the leisure time of the visiting enlisted man. They offer many carefully chaperoned parties and receptions, where our boys may meet young women and their mothers.

Perhaps you may wonder what the need for 15 millions of dollars can posibly be, when the municipality and the churches are doing so much for the boys in khaki. It will be enlightening to know that in 272 communities in the United States this work has been organized and is being carried on. The W. C. C. S. have constructed, remodeled and equipped a hundred clubs, hotels and community houses; have supervised and assisted in furnishing 76 club houses; installed and operated 73 information bureaus, and published for their use millions of booklets, besides organizing innumerable entertainments. The next year's budget calls for workers and equipment of like nature in 312 cities, towns and villages; hence the need for the sum asked for.

At a camp down in Kansas, Gen. Slocum had charge of 1100 deserters. He delegated several of the most promising of these to talk with the men and ascertain three causes for their desertion from the army. At the end of a week, the investigators reported. "The first cause for desertion,' said they, "we have found to be homesickness; the second cause is homesickness, and the third cause is homesickness.' From these findings, it is quite safe to conclude that these particular deserters were not adjacent to a community where the W. C. C. S. was in opration. For every bit of their leisure time while on leave is so filled with pleasure of a wholesome sort that they go back to camp and its routine very full of the thought that there are a great many, after all, that care about them and their welfare, and that it is really worth while for them to have interrupted the plan of their lives to enlist to protect and fight for these people who express their gratitude for the sacrifice they have made in such a substantial and pleasant way. And they are thus made enthusiastic and efficient fighters, for they become aware that what they have offered to the service of their country is apprciated. In other words, the morale of the army has been considerably strengthened by the W. C. C. S. while the boys are still in camp. It will thus be seen that this organization is a very helpful agency in winning the war, and, as such, deserves our hearty backing.

* The W. C. C. S. is the least known of the seven agencies, because it is the youngest. It was formed in 1914, when Raymond B. Fosdick, at the president's request, visited the Mexican border, and established W. C. C. S. clubs in the towns and villages near the army camps. Mr. Fosdick is at the head of the organization in the United States at the present time.

PERIODICALS AT PUBLIC LIBRARY

Following is a list of magazines and other periodicals for which the Glendale Public Library has subscribed for the year 1919. On the list are about a dozen of which duplicate copies have been ordered to be preserved for reference which at the end of the year will be bound and placed upon the shelves:

If Randall had won in Congress in April, 1917,
The Kaiser would be winning in Europe in November 1918.

Think it over.

Vote for Flowers.

GREAT FUTURE FOR THE NINTH DISTRICT

The Evening News is firmly of the opinion that a great future lies before this Ninth Congressional District if Mr. Flowers becomes its representative in Congress. Flowers has the magnetic power to honestly handle men. The present congressman has not that power and never will have. That is saying nothing against his character. He has gotten nothing for the district in the past four years, and never will get anything. Flowers is equally sound on the Temperance question, and reports to the contrary are political falsehoods, and is evidence to what depth so-called Christian people will go to try to prove untrue statements.

Flowers is a Christian gentleman, in all senses of the word, and deserves your vote tomorrow.

Vote for Flowers!

FLOWERS THE LOGICAL CANDIDATE

Whether you are a Republican, Democrat or Prohibitionist, it makes little difference—if you are a red-blooded American you will want to vote for Flowers for Congress tomorrow.

He is right on Temperance. He will be right in honestly representing the people of the Ninth Congressional District.

PRELATE OF HOLY LAND IS CAPTIVE

Rome, October 4 (By Mail).—Monsignor Luigi Barlassina, who was recently nominated somewhat hurriedly as auxiliary patriarch of Jerusalem, has left also somewhat hastily for the purpose of assuming his new post.

The reason for all of the hurry is that Monsignor Camassei, patriarch of Jerusalem, has been taken prisoner by the Turks and is still being held prisoner by them at Nazareth.

Diplomatic efforts of the Pope through the papal nuncio at Constantinople and through the German government having failed to secure the release of Monsignor Camassei, Monsignor Barlassina has been created auxiliary patriarch of Jerusalem and dispatched there to take over the important Catholic interests of the birthplace of Christianity.

With his arrival in Palestine, Monsignor Barlassina will more than have his hands full in picking up the threads of all the various Catholic institutions that existed there before the war, and which when it became apparent that Jerusalem must fall into the hands of the English, were sacked by the Turks.

Most of these institutions were under the care of the Salesian Fathers, of whom thirteen were carried off by the Turks as hostages and are still being held. All diplomatic efforts by the Vatican to get news of these Christian martyrs have failed.

Meantime the Italian school at Jerusalem has been reopened by the Salesian Fathers. Among other Salesian institutions that remain closed are the orphan asylum at Bethlehem, from which the Turks carried away all of the highly perfected tools and machinery for teaching trades; the Italian school at Jaffa, the Institute of the Young Jesus at Nazareth, the agricultural colony at Cremisan, and the Italian schools at Smyrna.

STAMP IS REMINDER OF LUSITANIA CRIME

(By United Press)

New York, Nov. 4.—"Remember! Use Nothing German."

These words appear on a new stamp, resembling a postage stamp, being circulated by the American Defense Society.

The stamps are sold, and profits go to the Fatherless Children of France, a society of which Marshal Joffre is president.

On the stamp appears a design painted by E. H. Blashfield, New York. It represents Humanity shielding her eyes from the sight of the sinking Lusitania, and Justice, with sword drawn in vengeance.

BE A PATRIOT

Vote to Save Food, Fuel, Transportation, and Man Power

WIN THE WAR

There are just two measures on the ballot that have to do with the winning of the war. Number 1 on the ballot bears the title "Liquor Regulation" and is highly dangerous. It is **unpatriotic** because it **permits the destruction of food, fuel, transportation and man-power necessary to win the war.** It is **disloyal** because the President and Congress have **prohibited** just what it **permits.** It is **demoralizing** because it takes drinking **out of the saloon,** where no one is allowed except a man over 21 years of age, and puts it into the restaurants, cafes, hotels, social clubs and dance halls where it **affects the women and boys and girls as well.** It puts whiskey and brandy and gin in the drug store, brandied wines in the bottle house and home, and natural wines and beers in the restaurants, cafes and clubs. Here is the way it looks on the ballot:—Vote "No" as indicated:

1	**LIQUOR REGULATION.** Initiative Act. After July 1, 1919, prohibits keeping drinking saloons or similar places, regulates the traffic in and various acts relating to alcoholic liquors, prohibiting sales and various other dispositions thereof (except in specified cases or under specified conditions, some applying to vinous or malt liquors containing distilled spirits or more than certain percentages of alcohol, and others to alcoholic liquors generally, or to other particular kinds thereof), limits number of municipal licenses for sale of vinous or malt liquors for consumption elsewhere than on premises where sold, permits further municipal regulations and prescribes penalties.	YES	
		NO	X

(Here follow 20 other Measures)

Then comes a patriotic measure. It is in absolute harmony with the war program of the government and saves food, transportation and man power that will **shorten the war and save untold blood and treasure.** It meets the requirements of the President, Food, Fuel and Railroad Administrations and the War Industries Board, the War Prohibition of Congress, and **takes effect six months before War Prohibition and seventeen months before the Federal Amendment,** even if ratified at the earliest possible moment. A victory for this measure means the **certainty of ratification** of the Federal Amendment by the California Legislature. Vote "Yes" on No. 22 entitled **"Prohibition."**

22	**PROHIBITION.** Initiative Act. Declares that every person, firm or corporation which manufactures, imports or sells intoxicating liquors after December 31, 1918, except denatured alcohol, shall be guilty of misdemeanor punishable by twenty-five dollars fine and twenty-five days' imprisonment for first offense, and by fifty dollars fine and fifty days' imprisonment for second offense, and by one hundred dollars fine and one hundred days' imprisonment for each subsequent offense.	YES	X
		NO

ABOUT CAMP LIBRARIES

As Glendale citizens contributed liberally to the book drive for camp libraries, many will be interested in the items included in the following summary of activities of the war service committee to August 1, 1918:

"Forty-one large camp library buildings have been erected in the United States .

"Forty-three large camp libraries have been established.

"One hundred and thirty-nine hospitals and Red Cross houses have been supplied with books.

"Two hundred and forty-three librarians have been placed in service.

"Two hundred and eighty-four small military camps and posts have been equipped with book collections.

"One hundred and thirty naval stations and 18 marine stations have been supplied with libraries, as well as 232 vessels.

"One thousand, four hundred and sixty library branches and stations have been opened in Y. M. C. A. and K. of C. huts, barracks and mess halls.

"Eight hundred and twenty-eight thousand books have been shipped overseas.

"Five hundred and forty thousand, eight hundred and thirty-three books have been purchased, largely technical.

AUSTRIA-HUNGARY

By Charles B. Driscoll
(Written for the United Press)

Too late you make your mercy plea,
Vile vassal of the Hun;
Your answer booms unceasingly—
The logic of the gun.

You bow and smile with humble grace,
You tell how you abhor
The bloody terror of the chase,
The horrid reign of War!

You did not always reckon so,
Your manner was most bold
Toward Serbia four years ago,
When all the world said, "Hold!"

You clanked your thirsty sabre then,
You cried aloud for gore;
Well, when you raise your voice again
It will not be for more.

Insure your property against Fire at the old rate and buy Liberty Bonds with the money you will have left. H. L. Miller Co., 109 Brand Blvd.
35t30

Personals

Mrs. Moberly reports that they have been so fortunate as to have no cases of influenza at Mission Rest Home.

Miss Carol Duncan, daughter of Dr. Duncan of San Fernando boulevard, is ill of influenza.

Miss Katherine Cross, of Mira Loma avenue, has been confined to her home for three weeks by "flu," but is better.

Little William La Fountain, of Acacia avenue, is convalescent from influenza, and his sister is ill, but not of influenza.

Mrs. Hunn, who resides on Cerritos avenue and who was severely injured in a street car accident not long ago, is so far recovered as to be able to walk around for short distances without the aid of a crutch.

Mr. and Mrs. Wayland Brown, who came to Los Angeles a few weeks ago from Arizona to provide a change of climate for Mr. Brown, who was in ill-health, have returned to Grand Canyon and Mr. Brown is much better. The Browns formerly resided in Tropico district and have a host of friends there.

Mrs. Helen Campbell, chairman of the knitting department of the Glendale Red Cross Chapter, reports that the consignment of sweater yarn which she has been expecting for some time, was received Saturday and she is now prepared to supply knitters who will knit army sweaters.

Dr. Howard F. Rand and family have moved from 1412 E. California avenue, to 407 E. Chestnut street. Mrs. Rand reports that her family at present is considerably reduced as her son "Jack" Rand has gone with his cousin to Arizona on a bear hunt, while her daughter Helen and son Fred are visiting friends in Brawley.

Mrs. Edgar Fry, of Cerritos avenue, reports that her husband, who is a Y. M. C. A. secretary at Camp Kearny, is in quarantine and writes her that the surgeon-general of the camp has decreed that the quarantine cannot be lifted until the last man has been out of the hospital for one week. The camp has been closed for five weeks.

Mrs. Charles Phillips, who formerly resided on San Fernando boulevard, this city, has lost her brother, Edward Busser, of influenza. He was a soldier and died at Camp Meade just on the eve of leaving for France. His father and mother had come to visit him the day before he was taken ill and were with him when he died. He was well known and well liked in his sister's circle of friends in the Tropico district, where he was a frequent visitor before he entered the army. Mr. and Mrs. Phillips are now residing in Iowa, near Fort Madison, where they expect to remain.

Superintendent of Schools James Shults reports that he has rented his Los Angeles residence furnished. Mrs. Shults and Miss Shults accompanied him to Glendale this morning and spent some time looking for a furnished house, and as soon as they find one that meets their requirements, the members of the family will establish themselves as Glendale residents. Mrs. Shults and her daughter expressed themselves as pleased with the appearance of Glendale.

The Montaville Flowers parade of autos decorated with banners and slogans and filled with enthusiastic boosters for his candidacy, passed through Glendale about 9 o'clock. It was preceded by a band which beamed with enthusiasm, and which probably expressed its sentiments in more pronounced fashion. It was not playing when it passed the Evening News office. The procession was augmented by several autos from Glendale, the machines of William Woods, J. H. Franklin and several others being in line bearing appropriate advertising of Montaville Flowers. The Glendale delegation of boosters included Mayor Woodberry, Prof. Harry L. Howe, Rev. C. R. Norton, Ezra F. Parker and L. J. Brown.

BIRTHDAY CELEBRATION

Mr. and Mrs. A. W. Scudder of 320 W. Harvard, gave a six o'clock dinner, to a family of four, recent arrivals by motor from Copley, Ohio, and four of their own local relatives, on Nov. 1, in honor of the seventy-fourth birth anniversary of Comrade Scudder, who wishes to express thanks for the beautiful presents and happy manner in which they were presented.

YANKS NOW WEAR THEIR BIG HATS ON THEIR FEET

PARIS, Sept. 30. (By Mail.)—At last a use has been discovered for the old abandoned American campaign hat. It was found unsuitable at the front, and the little peaked "overseas" hat substituted. That left thousands of the hats on the hands of the supply department. After racking its brain the salvage department has hit upon a scheme.

With the felt from the hats and cloth from badly torn pants, the salvagers are making soft slippers for wear in hospitals.

CITY TAX FIGURES

City Teasurer and Tax Collector Stauffacher reports that Glendale's assessable property is valued at $7,967,201.

City taxes total $90,601.54, of which the first installment is $48,780.07 and the second installment 41,821.47. All personal taxes are included in the first installment.

The different parcels of property taxed total 7,500.

The territory which has been added to Glendale since taxes were last collected will make the total of city taxes about fifty per cent more than last year.

COTTON PICKERS NEEDED

W. A. Anderson and sons who are developing a ranch near Blythe in the Palo Verde Valley have a fine cotton crop for which they are seeking pickers. In fact pickers are needed all over the valley. So great is the demand that the farmers meet the trains and grab all the pickers they can get. The work will last for a month or six weeks and green hands at the prices paid this year can earn $4.00 a day and if fast workers $6.00 a day and upwards. It would be good work for school boys if the "flu" embargo continues. Mrs. Anderson is still there.

MRS. RUDEL RETURNS

Mrs. C. A. Rudel, of Vine street, returned Friday from a three months' visit in Illinois and Indiana, a good part of the time being spent in Chicago. The "Flu" interfered with her pleasure considerably and prevented her from going about as much as she had planned to do. She left there just before the snowstorm reported in eastern dispatches. The ban on churches had been lifted but the theaters were still closed. She reports fine crops in Illinois and general business prosperity, particularly around the factory of the Holt Caterpilar Engines near which she chanced to be located.

The eastern people are also very patriotic and during her stay in Peoria when a false report was published that Germany had given up and the war was over, the city went wild with joy and celebrated for two days. She is glad to get bock, however, and says California looks better to her than ever before.

If Randall had won in Congress in April, 1917,
The Kaiser would be winning in Europe in November, 1918.

Think it over.

I LOVE MY COUNTRY

November 2, 1918.

Editor Evening News:

Some time ago we learned from the President and heard on all sides that there was no politics in this year's elections. The program was accepted by the Republican party from the national chairman all down the line. Today from the pen of the President we learn that he did not mean what he said last May and now he asks me and other Republicans to support the Democratic candidates for Congress to uphold his hands at this time.

Two years ago the plea was elect Mr. Wilson President and a Democratic Congress to keep us out of war. The President well knows, but for the minority Republican support he possibly would not have 2,000,000 brave American boys over there and this cruel war would not be near the finish as it is today. In spite of all this, he slaps these men in the face by asking you and me to defeat them at the polls tomorrow. Will we do it? I think not.

Champ Clark, the great bellwether sheep of the flock, in his speech last April in opposition to the draft act said, "Down our way we think there is little difference between a conscript and a convict." (Mr. Clark is Mr. Randall's best friend.)

Mr. Wilson has had more solid support from the unselfish patriotic Republican minority side of the house than from the majority Democratic side, 72 per cent Republican support to 67 per cent of the Democrats.

The Selective Draft, the Quota Bill and the Man Power Act, the three great military acts, were put through as he wished by the Republican vote. After he had been deserted by those of his own party he asks us to vote tomorrow to "hold up his hands." More like a holdup than an uphold. On the Seleytive Draft Act 169 Republicans voted yes, 42 no; 144 Democrats voted yes, 67 no. On the Man Power Act 164 Republicans voted yes, 14 no; 79 Democrats voted yes, 118 no. (Uphold my hand, please!) "Oh, consistency, thou art a jewel." Mr. Randall voted no on all these acts. Vote for Mr. Flowers tomorrow.

Vice-President Marshall said in his keynote speech at the Democratic state convention at Indianapolis that this war is a Democratic asset. Their asset two years ago was, "He kept us out of war." The rule works both ways.

Mr. Wilson has no fear of a Republican Congress for the rest of the war. He knows the party and its representatives are loyal to their country and will in the future as in the past give him all the support he needs, not because he is Woodrow Wilson or because he is a Democrat, but because he is our commander-in-chief.

We expect an unconditional surrender from the arch-fiend the Kaiser. The negro in the woodpile in the next Congress will probably have considerable to do in adjusting matters pertaining to our great country after the war, and it will be a very difficult and particular job to get the machinery to running smoothly again. If it is not handled right we will see some trying times for years, but if adjusted as it should be we will be the greatest nation on earth.

In the past whenever this country reached a crisis the Republican party never failed. Don't forget that 90 per cent of the laws governing this great nation that is today financing and feeding the world were passed and made laws by the Republican party and at the time of making opposed by the Democratic party.

Voters, don't forget that Mr. Randall voted wrong several times, and don't forget if you are for prohibition that Mr. Flowers is as safe as Mr. Randall!

WALT H. NICLES.
121 E. Elk Avenue.

CARD OF THANKS

We wish to say to our friends in Glendale, thank you sincerely for your beautiful flowers, letters of love and sympathy and telephone messages since and before our dear mother's going home. We speak for our father, brothers and sisters and for our husbands, Daniel Campbell and Arthur Campbell.
(Mrs. D.) Margaret McPeak Campbell

GHOSTS

By Charles B. Driscoll

Ghosts of murdered men and women,
Ghosts of Flanders, of Louvain,
Rise before the frightened Prussian,
Whispering, "So many slain!"

Ghosts of schemes for world dominion,
Ghosts of victories unwon,
Ghosts of starving mothers, crying,
"Give me back my soldier son!"

Ghosts of power unavailing,
Ghosts of puissance long fled;
Worst of all, the pallid faces
Of the host of soldier dead.

Now behold the Prussian Terror,
Baffled, beaten, and at bay,
Cursed outcast of creation—
This is Wilhelm. This, The Day!

POLITICAL ADVERTISEMENT

REWARD—

Judge Thomas P. White

ELECT HIM

SUPERIOR JUDGE

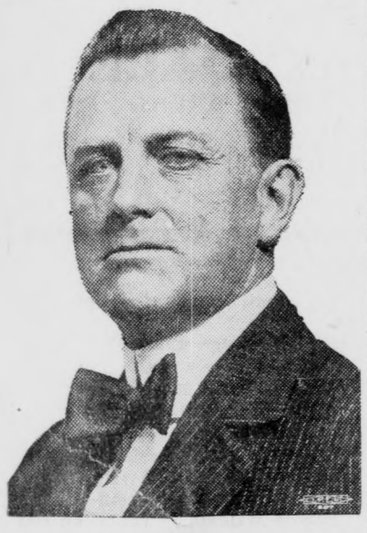
Judge Thomas P. White

Because

1. He is eminently qualified by 5½ years ON THE BENCH as Judge of the Los Angeles Police Court, during which time he has capably handled more than 95,000 civil and criminal cases. Police Court cases differ from the procedure of the Superior Court ONLY to the extent that they involve lesser sums of money and penalties.
2. He is a graduate of the College of Law, of the University of Southern California, and was a successful attorney.
3. He conceived the idea of and established the "Women's Court" and made possible the Women's Industrial Home.
4. He established the Probation System in the Los Angeles City Courts.
5. He successfully fought the use of "Stool Pigeons" by the Police Department, and forced the abolition of that nefarious system.
6. His attitude on all cases involving illegal liquor traffic is 100%. He has been unflinching and all violators have met straight jail sentences for violation of the Gandier ordinance.
7. His Humanitarian Principles have endeared him to the people.
8. His Creative and Constructive Activities off the Bench have won the confidence and respect of the Public.

Certain insidious and combined interests have endeavored to discredit JUDGE WHITE'S candidacy and are hiding the true motives of their attack by criticizing his widespread advertising and general publicity, to which he is justly entitled and in which there has been no false statement or misrepresentation. THEY DARE NOT attack his qualifications. His record ON THE BENCH as Police Judge is an open book and HE HAS MADE GOOD.

Keep Him on the Bench by Electing Him Superior Judge



Henry J. Stevens

Upon the voters of Los Angeles county will devolve upon the 5th day of November the selecting of seven judges of the superior court. In the common every day affairs of life we are apt to overlook the importance of this position. The judiciary constitutes the bulwark of our freedom. All that man has, even life itself, may come under the disposition of one of the judges of the superior court. It is therefore of the utmost importance that men of the highest character and ability should be selected. Much of the congestion of our courts and the necessity of multiplying our appellate courts arises from the lack of competency upon the part of our trial judges.

In asking for your suffrages for Mr. Henry J. Stevens, one of the candidates, it can be asserted with great confidence that, by reason of his experience as a trial lawyer, his remarkable intellectual endowment, his thorough knowledge of the law, his election will be a safe investment for the people of this county, inasmuch as his administration of that position would be a great saving of time, labor and money to litigants, and consequently to tax-payers in this county.

People complain that the ablest men in the legal profession are unwilling to accept nominations for judgeships, or even accept appointments to that position. The people at this time is given the opportunity to elect to that position one of the ablest lawyers in Southern California, a man who is ideally qualified to fill the position. It is a matter of public duty to advocate his candidacy; it is clearly a matter of public duty to elect him.

Adv.

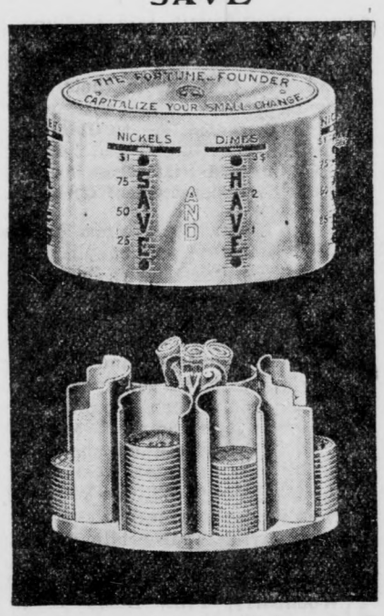
SAVE



AND HAVE

Glendale always over the top—this means to our Boys in the trenches the folks at home are with them and they are with them to stay until the task is ended

Now lets get busy and save for the next shock to the Kaiser. If this one does not settle him—the next will.
